

LLNLexer::consume

```
graph LR; A[LLNLexer::consume] --> B[LLNLexer::sync]; B --> C[LLNLexer::fill];
```

The diagram illustrates a sequence of three operations in the LLNLexer class. It consists of three rectangular boxes arranged horizontally. The first box, labeled 'LLNLexer::consume', is shaded gray. A dark blue arrow points from its right side to the second box, labeled 'LLNLexer::sync', which is white. Another dark blue arrow points from the right side of the second box to the third box, labeled 'LLNLexer::fill', which is also white. All boxes have a thin black border.
