

LLNLexer::lookahead

```
graph LR; A[LLNLexer::lookahead] --> B[LLNLexer::sync]; B --> C[LLNLexer::fill];
```

A flowchart illustrating the sequence of operations in the LLNLexer class. It consists of three rectangular boxes arranged horizontally. The first box, labeled 'LLNLexer::lookahead', is shaded gray. A blue arrow points from its right side to the second box, labeled 'LLNLexer::sync', which is white. Another blue arrow points from the right side of the second box to the third box, labeled 'LLNLexer::fill', which is also white. All boxes have a black border.
